

Posh Putter x Nippon Fairways

June 7-15

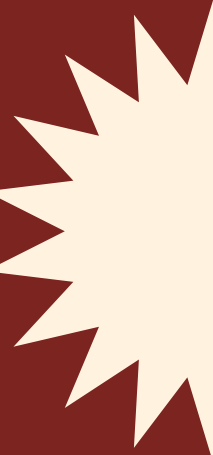

Meet Our Host

Keenan Brown

I started Nippon Fairways because I was looking for something that didn't exist — a golf retreat that felt real. Not a jam-packed itinerary or a glossy resort week. I wanted early tee times in the mountains. Slow, fire-cooked meals. Ice-cold sake after a long day on the greens. And no tour buses in sight.

What we've built here is small, personal, and unforgettable. You'll play some of the most scenic courses in Japan. Soak in hidden forest onsens. Eat like a local. Sleep like a log. And leave with more than just a scorecard.

If that's what you're after, you're in the right place.

Japanese Golf Culture

Embracing Rituals and Serenity in Play

Cultural Rituals

Golf in Japan is steeped in tradition, where players bow before rounds, signaling respect for the course and fellow golfers. Caddies dressed in crisp uniforms enhance the experience, guiding players with precision. This ritualistic approach fosters a profound connection with the game, encouraging mindfulness and presence throughout each round.

Sensory Experiences

The atmosphere of Japanese golf courses captivates the senses. Snow-capped peaks surround the greens, and the gentle sound of wind rustling through pines creates tranquility. Post-round rituals, such as enjoying hot towels and refreshing onsen baths, further enhance the experience, allowing golfers to unwind and appreciate the beauty of their surroundings.
